Boy Scouts, Sea Scouts, Venturing and Exploring

Boy Scouting (ages 11-17) - Boy Scouts learn the value of hard work and experience the thrill of seeing it pay off. Add in outdoor adventures, hiking and camping and Scouting gives boys all the experience they need to become men.

Venturing and Sea Scouting (14-20): Gives young men and women access to a range of programs and empowers them to create their own experiences. It brings Scouting values to life through both high adventure outdoor activities and challenging real-world projects.

Exploring: (15-21): Exploring's purpose is to provide experiences to help young people mature and to prepare them to become responsible and caring adults. Explorers are ready to investigate the meaning of interdependence in their personal relationships and communities.

Meetings do change, please contact a member to ensure meeting dates.
